

## FALASCO WINES

### Chateau Subsónico Artista Malbec-Petit Verdot

#### Region

The Uco Valley is one of Argentina's most important wine regions. Approximately 45 miles long and 22 miles wide, the valley follows the course of the Tunuyan River. The area has seen significant growth and investment over the last 20 years and is now home to some of the country's top producers. Benefitting from the cooler climate and excellent soil offered by higher altitude vineyards, the region produces spectacular Malbec with a distinctive floral nose. It's also responsible for some of Mendoza's finest Chardonnay and Torrontes.

#### Producer

Falasco Wines is brought to you by the fourth generation of 'Familia Falasco', winemakers in Mendoza since 1939. Building on their family history, their approach combines extensive experience with continuous research, innovation and evolving technology. Working with winemakers Alejandro Canovas and Pablo Sanchez, they are dedicated to creating unique, premium quality wines that prioritise elegance and fruit to fully express the character of their terroir.

#### Viticulture

Mainly alluvial soil - to depths of between 40 cm and 1.2 m - with good drainage and limited organic matter. VSP with guyot pruning system.

#### Vinification

Pre-fermentation maceration for 72 hours in stainless steel tanks. Total maceration of between 15 and 24 days, with fermentation temperatures of up to 28°C. 50% of the wine is aged in French and American oak for 12 months and 50% in concrete tanks.

#### Tasting Note

Deep red with purple highlights. Complex on the nose, with notes of jam, ripe figs and dried dark fruits. Gentle on the palate with juicy tannins and a long finish.

#### Food Matching

An ideal wine to pair with red meats, particularly game.

#### Technical Information
