

INSPIRED BY CONDOR

Cielo Del Sur Merlot

Region

One of Chile's largest wine regions, Central Valley stretches for almost 250 miles, from just south of Santiago to the southern end of the Maule Valley. Covering many different terroirs, it produces a range of different styles, largely from international varieties (in addition to Carmenera). However, recently there has also been more exploration of the potential of cool-climate areas of the Valley for more aromatic varieties.

Producer

Chile offers an ideal star-gazing environment with its lack of precipitation, clear skies and low-to-zero light pollution. Cielo del Sur (Southern Sky) is inspired by the 'Southern Cross' constellation which can only be seen in the Southern Hemisphere and, according to the opinion of the Andes' indigenous population who called it the 'The Chakana', was the centre of the universe.

Viticulture

VTS and Pergola. Hand and machine harvested.

Vinification

This wine is unoaked to preserve the freshness of the fruit.

Tasting Note

This Merlot presents cherries, raspberries and plums that lead to a palate offering fresh acidity and soft juicy tannins.

Food Matching

Perfect accompaniment to pork loin, grilled aubergine, and roast chicken.
