Malbicho Malbec

Region

The Uco Valley is one of Argentina's most important wine regions. Approximately 45 miles long and 22 miles wide, the valley follows the course of the Tunuyan River. The area has seen significant growth and investment over the last 20 years and is now home to some of the country's top producers. Benefitting from the cooler climate and excellent soil offered by higher altitude vineyards, the region produces spectacular Malbec with a distinctive floral nose. It's also responsible for some of Mendoza's finest Chardonnay and Torrontes.

Producer

An estate-bottled Malbec sourced from specially selected vineyards in Mendoza and 50% aged in French oak. 'Malbicho', in Argentine slang, is someone different, who does not respect the rules. The spirit of this wine is to be unique, different, expressive, so it is encouraged to challenge the established way of doing things.

Viticulture

VST and Pergola.

Vinification

50% of the wine is aged in French oak barrels for 3 months.

Tasting Note

A great Argentinian Malbec offering aromas of red fruits and plums alongside floral and subtle, toasty vanilla notes; medium-bodied in the mouth, the style here is soft, juicy and very well-balanced with delicious red and dark berried fruits to the fore.

Food Matching

Will complement pizza, lasagne and flame-grilled red meats.
