## KARIM MUSSI WINES

### Abras Torrontés

#### Region

One of Salta's most renowned wine regions, Cafayate sits at the southern end of Salta province. At 1,700 m.a.s.l. altitude defines its terroir. Wide diurnal temperature variation, desert climate and dry soils combine to produce small crops of healthy concentrated fruit from stressed vines. With only 2,400 hectares under vine, the region is famous for its crisp, floral Torrontes but also produces rich, structured Malbec and Cabernet Sauvignon.

#### Producer

A firm favourite with our customers, and internationally recognised as one of the most talented winemakers in Argentina today, Karim Mussi continues to go from strength to strength, with leading wine critics falling over themselves to heap praise on these expressive & distinctive wines. Alongside Altocedro and Alandes, Abras showcases Karim's 'laissez-faire' winemaking philosophy that ranges across an extensive territory without borders.

#### Viticulture

Produced from a single 70-year-old vineyard at 1,730 m.a.s.l. in the Cafayate subregion of Tolombon. Manual harvest is carried out in small boxes of 15 kg.

#### Vinification

Fermentation in stainless steel tanks.

#### Tasting Note

Yellow with a greenish sheen. The aromas on the nose offer a complex but subtle perfume of orange blossom, nutmeg and dried orange peel. Dry and refreshing in the mouth, with a pleasing texture - a fine, fresh line of mineral acidity here reinvigorates the palate and invites a second sip.

#### Food Matching

Perfect solo or with dishes which exhibit subtle spicing, charcuterie, smoked cheeses and smoked meats.
